## INTELLIMALI WELCOMES MULILO

Mulilo is a proudly South African independent renewable energy developer and strategic equity investor.

Since its formation in 2008, Mulilo has been at the forefront of South Africa's drive to deliver clean and affordable electricity to the national grid. Mulilo's focus is on Wind and Solar PV technologies and it develops, builds, owns and operates large scale renewable projects throughout South Africa.

Intellimali is delighted to be managing the allowances and disbursements to recipients of Mulilo Project bursaries across South Africa.

## ALL SYSTEMS GO AT UNIVERSITY OF MPUMALANGA

During the final week of January, Tamara Petersen (Operations Manager) and her team were kindly hosted on the University of Mpumalanga (Mbombela Campus). The focus of the trip was to educate 1st year and returning students on the Intellimali Meal Booking System and to activate a wider range of merchant offerings.

Thank you again to the university administration for the wonderful hospitality and the opportunity to provide this important service to the growing student body.
