## CATCHING UP WITH OUR COLLEAGUES AT CUT

Intellimali were delighted to briefly host a delegation from CUT Student Services led by Dr Tondi.

Friendships were deepened, new ideas were shared and several important operational matters discussed. We remain a keen sponsor and participant in a number of CUT's fundraising projects and plan to broaden this partnership in 2019.

## SEE YOU AT THE FAPSA CONFERENCE

The annual FAPSA conference will be held from 2nd - 4th July 2018 at the Birchwood Hotel in Johannesburg. The conference theme "#Free Education -

The Impact" will certainly spark thought-provoking conversations. We are pleased to be an exhibitor and participant again at this year's conference.

## OUR NEW VIDEO LIBRARY

We are in the process of finalizing our new Video Library and will shortly release a series of important instructional videos.

Topics covered will include: how to register your Intellicard, how to update your banking details and how to make an accommodation payment, amongst others.

Research shows that millennials learn effectively from visual content and we believe that this additional feature will help our students use the Intellimali system even more effectively.

## DEVELOPING LEADERS FOR THE FUTURE

After completing a successful 18-month internship programme in association with the National Skills Fund (NSF), that saw 20 graduates receive work experience; we have appointed Red Oak Business Institute to implement their highly acclaimed Supervisor Development Forum at Intellimali.

Five supervisors were nominated by the management and this group of future leaders will be guided by the skilled facilitators. Covering topics such as "The Power of Planning", "Keys to Effective Delegation" and "The impact of Critical Thinking" this programme will provide the individuals with the practical skills and tools needed to supervise their teams.

## INTELLIMALI CARES

In celebration of the 2018 Mandela Day, the Intellimali staff are embracing the 100 years' theme.

Staff will be donating 100 garments to the Overberg Development and Empowerment Centre. The Centre's mission is to create conditions for individual growth and to build a better environment in order to enhance the quality of life.
