SERVING YOU FROM HOME

APPS AVAILABLE ON ALL PLATFORMS

After substantial further development, we are pleased to announce that our transactional APPs IntelliCell and IntelliPOS are available on Google Playstore, Apple App Store and Hauwei App Store.

INTELLIMALI CARES

During the difficult times created by the spread of the COVID-19 virus, many people are facing food shortages. Intellimali pledged funding to "Call2Care" a PBO that offers the iGardi Project - a fun and unique way to help increase the diversity of food and nutrition in underprivileged communities through a proven model for water-wise vegetable food gardening. Call2Care has also delivered hundreds of food parcels to families in need.
