An IntelliMali Publication: May 2022

INTELLIMALI CONTINUES ITS SPECIAL RELATIONSHIP WITH DWS

The Department of Water and Sanitation (DWS) offers talented, young individuals the opportunity to further their studies via its bursary program.

This bursary is for full-time studies towards a qualification within a specific field. Candidates who receive bursaries are required to join the company's "Water Learning Academy" upon completion of their qualification. Fields of study supported by the department include amongst others: Cartography, Analytical Chemistry, Biochemistry, Aquatic Science, Civil Engineering, and Geology.

IntelliMali, has been reappointed to manage allowances and payments for DWS through its suite of solutions. We enter the 5th year of this special relationship which continues to go from strength-to-strength.

UNISA ALLOWANCE ADMINISTRATION PROJECT GATHERS MOMENTUM

Intellimali was re-appointed to manage the UNISA allowances for Q2 of 2022. The project has progressed well with more than 170,000 students assisted within 10 working days from commencement.

We partnered with Van Schaik and other Higher Education Bookstores to ensure a swift implementation. This strategy has proved to be very successful as students visit their nearest bookstore, receive their Intellicard and register within minutes. Students are also able to access our omni-channel contact centre, and various self-help portals when they need any other assistance.

University of Venda
Creating Future Leaders

PROUDLY SUPPORTING THE UNIVEN MID-YEAR GRADUATION

The University of Venda will conduct their mid-year graduation ceremonies in June. As in the past, Intellimali is delighted to sponsor academic awards in several key disciplines to the deserving students.

AT YOUR SERVICE

As always, we are ready and willing to support you and your team this year.

For ease of reference, please remember these details:

Finance queries: Liz Haskin: liz@intellimali.co.za

ICT queries: Stephen Meyer: stephen@intellimali.co.za

Operations queries: Tamara Koopman: tamara@intellimali.co.za

General enquiries: Mark Volmink: mark@intellimali.co.za

DEVELOPING FUTURE POTENTIAL

The 2022 “Growth Development Forum (GDF)” is again being facilitated by Laurice Baker and a number of our young Intellimali professionals were invited to attend. Personal development is a lifelong process and this six-month programme enables people to assess their skills and qualities, start a journey of self-discovery, consider their aims in life and set goals in order to realise their potential.

INTELLIMALI CARES

Mustadafin Foundation

‘If every man helps his neighbour, then who will need help?’

Mustadafin Foundation is a NPO that works across the Western Cape to uplift destitute communities. Through education, feeding schemes, health care programmes, youth interventions and skills development, they empower impoverished people to reach self-sufficiency, self-reliance and independence. Intellimali was delighted to make this month’s contribution to this wonderful programme.
