An Intellimali Publication: October 2021

## THE FINISH LINE IS IN SIGHT

The final semester of this unusual academic year is now in full swing. The team at Intellimali wish all faculty members involved and all students taking exams well, as we move into the final weeks of the 2021 academic year.

## ADVANCED INTEGRATION FOR CASH WITHDRAWAL ENABLES STUDENTS NATIONALLY

2021 has been a very busy and demanding year. Fortunately, as a result of our advanced national integrations, students have been able to swipe their Intellicards or use IntelliCell to draw cash at these premium stores nationwide.

## INTELLIPOS REMAINS A FIRM FAVOURITE WITH OUR MERCHANT COMMUNITY

This efficient point-of-sale solution, available from the various APP stores, continues to provide merchants with a highly portable, responsive and very inexpensive alternative. Alongside the traditional terminals provided by Intellimali, many merchants have increased their transactional footprint and speed by introducing IntelliPos on their phones. More till points enable more transactions to meet the demand from our student community.

## ASSISTING LEADING COMPANIES TO REWARD DESERVING STAFF

*We're here for you*

The Human Resource department at AVBOB has chosen to utilise the Intellimali Voucher System as the mechanism to send rewards and incentives to staff. The voucher is used to acknowledge individuals for their superior customer service. Money received can either be spent on goods or drawn as cash at participating USave, Checkers or Shoprite stores.

## INTELLIMALI CARES

As part of the MANDELA DAY celebrations, we donated funds and provided support to THE ZOE PROJECT. Funds were used to buy special packs for both new moms and their babies. These packs are made up specifically for pregnant moms who complete the Antenatal classes offered.
